When you park, you will be under the Nordstrom block of Circle Centre mall. Depending on where you park and the time of day, you have different options to get to FlashPoint's office:

- The most convenient way to get to our office is to take the skywalk that connects the mall to our building. Access to the skywalk is on the second floor of the mall, outside the Nordstrom entrance, between Nordstrom and Abercrombie & Fitch. You'll see a sign above the skywalk entrance that directs you to the Omni Severin Hotel.

To get to the skywalk from the garage, you have a few options:

- Take the elevator (the sign above the elevator lobby says "Circle Centre Moon Garage"). Press M2 to get to the second level of the mall.
- Take the escalators to into the mall (the sign above the escalator lobby says "Circle Centre Escalators"). *Please note:* If you arrive in the morning before the

mall opens, the escalators will be turned off, and you will have to walk up multiple sets of them; also the lights in the mall will be dimmed.

- Go to the Nordstrom entrance (if it's open) and take the store elevators to the second level.

Once you access the skywalk, you'll cross over the street and the skywalk Ts; turn left. Walk a short distance past a bank of windows, round a corner, and on the right you'll see the entrance to FlashPoint, suite 270.

- Another option is to exit to the street (if the mall is open you can get to the street through Nordstrom, or near the garage's exit ramp you'll see a red sign directing you to stairs). Once outside, go to 200 S. Meridian St. (home of the Old Spaghetti Factory). Enter the lobby and take the elevator to the second floor. When you get off the elevator, turn right and take another quick right. Follow the hall to the back of the building. When you get to the restrooms the hall jogs; keep following it. After you pass through the jog, you'll come to FlashPoint's offices at suite 270.
